Figure 1 displays 12 examples of map symbols arranged in a 4x3 grid. The symbols are as follows:

- Row 1: Highway (solid line), Pipe/Power Line (line with cross-ticks), Stream/Shortline (dashed line).
- Row 2: Secondary Road (dashed line), Ridge/Physical Feature (line with triangles), Intermittent Stream (dashed line with cross-ticks).
- Row 3: Jeep Trail/Roadway/Ferry (line with cross-ticks), Property/Fence Line (line with cross-ticks), River (wavy line).
- Row 4: Railroad (line with cross-ticks), Nonvisible Boundary (dashed line), Glacier (wavy line with cross-ticks).

Below the grid are three additional symbols:

- Military (blue dotted).
- Inset (gray shaded).
- Out Area (white with gray border).

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- ¹ A "0" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- ² In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a ".99" suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- ³ A "*" following a block number indicates that the block number is repeated elsewhere in the block.

A diagram showing a stepped profile, possibly representing a staircase or a series of steps. A small square is highlighted at the end of the profile.

SHEET 51 OF 71 PARENT SHEETS
TOTAL SHEETS: 85 (Index 1; Parent 71; Inset 13)

ENTITY TYPE: County
NAME: Will County (197)
ST: Illinois (17)

All legal boundaries and names as of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and made numerous updates to the base features from those depicted in 1990. The boundaries shown on this map are for the Census Bureau's statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement.
